Profile

Welcome to my digital space! I'm Zekarias Tamiru, a passionate Full-Stack Developer and aspiring Software Engineer with a strong foundation in HTML, CSS, JavaScript, React, Next.js Node.js, Express.js, and MySQL.

Currently pursuing a degree in Software Engineering, I combine academic knowledge with hands-on experience to build robust, end-to-end web applications. From crafting dynamic user interfaces to developing powerful backend systems, I enjoy bringing ideas to life through code.

I value collaboration, clean code, and user-centered design. I thrive in team environments where communication and creativity lead to impactful solutions.

As I navigate the world of tech, I aim to grow by contributing to meaningful projects, learning from experienced professionals, and staying curious about emerging technologies.

Let's connect! Whether you're interested in collaboration, my work, or just exchanging ideas—feel free to reach out
